Wholesale Partners Data Submissions:

In preparation for final SOM results determination for your direct accounts participating in the Partners Wholesale Program, please ensure your customers are aware that all data for the program period January - June 1997, must be received by MSA no later than **July 9, 1997**.

In order to qualify for Category II and Category III the direct account must have a **minimum of 22 weeks** of data submitted and "passed". Additionally, to qualify for payment of 3¢ per carton on Category I, April - June 1997, the account must have a **minimum of 10 weeks** of data submitted and "passed".

Inventory Reporting:

Please remind your direct accounts that the second quarter 1997 ending inventory (which will be the beginning inventory for third quarter 1997) must be reported on weekly data submission to MSA no later than **July 16, 1997**.

The direct accounts that do not report their ending inventory are at risk of being disqualified for the first half 1997 program and the second half 1997 program.

There are current program participants that have not yet submitted their first quarter 1997 ending inventory to MSA. If you have a customer on the attached list, you should remind your account that they have not provided first quarter ending inventory as required.

Plan Changes:

If you have a direct account that needs to change their designated Plan "A" or "G", you must send a change request to Julie Knabb via e-mail. Please include the following:

- Account Name
- Account Number
- Current Plan A/G Designation
- Change to Plan A/G Designation

The plan change will not be effective on the Partners Tracking Reports in Mercury until the following Monday after 11:00 a.m. All change requests must be received no later than **Friday, July 11, 1997**.

Program End Payment:

Administrative procedures relative to Partners Plan A/G Program end payment will be forthcoming in mid-July 1997.
